Awake Your Creative Genius

Beautifully illustrated with plenty of colorful artistic angel artwork.

Angel expertise for all domains of creativity and stand for imaginative self-expression in times of change in awareness.

We live in times of great changes. Everyone disposes now of additional energy, in order to develop his creative potential and contribute actively to the impending change in awareness. This message is aimed at those who accept the gift of our time and unleash their creativity now. The archangels assist them in this process. Like this, they become a temple of inspiration.

This title is an invitation to explore and contribute your creative know-how heartily, because creativity is the key to regeneration.

Author and artist **Silke Bader** carries out angel seminars and has a practice for individual counseling. www.ich-bin-magazin.de
