The Elohim Temple – a Place of Power

Imbibing healing, transformation and life force. Only recently, but decidedly, angels have appeared before humans. Companions in times of personal, as well as global changes.

Petra Schneider received these meditations from the spiritual world. In the open state of awareness during meditation, the influence of the Elohim is being reinforced. Images and messages come through faster, and it is easier to relax and find deep peace within. Sometimes five minutes spent in the Elohim Temple are enough to refresh vitality for a whole day. The entire meditation is helpful in order to perform healing, or to gain strength and clarity for future tasks.

An inspired collaboration with the renowned composer, Merlin's Magic.

Best-selling author **Petra Schneider** masterfully conveys the interplay of celestial orders and helping beings from the spiritual world. She's an expert for meditation, subtle beings and angels,. Her seminars and workshops are always fully booked. www.elohimeinweihung.de
